

Mission Statement

The mission of the HCC Tutoring Center is to provide academic support to all students enrolled at Highline Community College. Our primary goal is to create an open atmosphere of learning for students. We assist students in numerous academic disciplines through a variety of tutoring techniques by addressing their individual needs in a constructive environment. A part of our mission is to work closely with our faculty, as well as other offices that support student services.

All tutors are required to participate in on going training. The goal of our tutoring training program is to help tutors promote student independence, active learning, and motivation.

What is Tutoring like?

Appointment Sessions

Our writing tutors are available by appointment for half hour or hour sessions all hours the center is open. This gives you the opportunity to focus on your own needs and interests.

Walk-in Sessions

Our math tutors are available to help all hours the center is open. The center accommodates a large group of students. Science and other tutoring services, such as accounting, economics, and social sciences, are provided in the group tutoring area. Times are posted in the center and website. Writing tutors, when available, will also take walk-in students.

Would you like to be a Tutor?

Our tutors are students at Highline Community College who have been successful in the courses they tutor. All tutors are recommended by their instructors and are required to participate in weekly training sessions for which they receive credit.

Highline Tutoring Center is one of the few colleges in the nation that offers national CRLA Tutoring Certification.

Other Services

The Center also provides study skills, math and writing workshops. Please inquire about topics and times.
